

# Pickleball

Experience the world's fastest-growing racquet sport, Pickleball, at our brand new US Open standard tennis courts.

Practice your backhand, volley and smash under the Maldives' azure blue skies, surrounded by lush jungle vistas and to the sound of waves gently crashing nearby. Following your game, cool down with a refreshing juice or nutritious meal at any of our dining destinations, where delicious, Wellness your Way menus are available to support you in achieving your long-term wellness goals.

Amongst the first in the Maldives, Pickleball is available daily and can be enjoyed by everyone at any time of the week.
